

Youth Program ~ Building Strong Families & Kids

We strive to provide our Military Families and Youth with well rounded programming!

Our goal is to strengthen ties, create lifelong friends, and build leadership, resilience and camaraderie with other military families.

You know what best suits your family; so help us design the event around you! Have ideas, links to fun places; know people who want to help? Let us know and we will see what we can do!

Operation: Military Kids (OMK)

This National initiative was introduced in January of 2004 to support "suddenly" military kids through activities and programming specifically targeted to youth of the guard and reserve component directly affected by the Global War on Terror. Ohio became an OMK state officially in March of 2005. Since its inception, OMK has been involved with and supported every program and event executed by the Ohio National Guard's Youth Department.
