Operation: Military Kids is the U.S. Army's collaborative effort with America's communities to support children and youth impacted by deployment. OMK's goal is to connect military children and youth with local resources in order to achieve a sense of community support and enhance their well-being.

Through OMK, Military Youth:

- Meet other youth who are also experiencing deployment
- Participate in a range of recreational, social & educational programs
- Gain leadership, organizational, and technical skills by participating in the Speak Out for Military Kids program or Mobile Technology Lab programs
- Attend single day, weekend or even longer residential camps

Through a network of National, State and Local Partners, Operation: Military Kids provides access to youth programs and support services where military children live. OMK Partners organize special events, provide transportation to military kids to sporting events or other extracurricular activities, and participate in the Hero Pack initiative.
