Meeting called to order at 10:00 by Nicholas Vissoc (Co Chair).

Opening comments: Nicholas Vissoc welcomed everyone.

Old Business: Members reviewed the meeting minutes from the last meeting. Members went over the By-Laws and identified items that needed to be closed out. The TPR regulation didn't specify the uniform policy form LPC meetings. All members voted that the uniform policy will read "appropriate civilian attire" and no TPR Regulation will be added to the By-Laws (Closed).

New Business: Members voted to start having the LPC meeting at a different location/shop starting with the UTES. This will give the LPC members a chance to talk with all the employees and let them know what the LPC is all about. The visited shop will provide the scribe. If the visited shop doesn't have enough space for the meeting, the meeting could be held at an alternate location such as a local restaurant. A question was brought up about funding for travel to the meetings (Open-Vissoc and Reid). Members also discussed the energy conservation ideas (See LPC West Energy Conservation memorandum). These ideas will be briefed to the ARPEC by CW2 Nicholas Vissoc on 3 May 2012.

Meeting adjourned at 1230.

Next meeting is on 21 June 2012 at UTES.
