

SYMBIS

SAVING YOUR MARRIAGE BEFORE IT STARTS

PURPOSE: SYMBIS provides engaged or newly married couples an exciting opportunity to prepare for a strong and passionate marriage. In SYMBIS, couples take an online assessment to discover more about each other by identifying their similarities and differences. Even couples who have been together for years will learn new things about each other. Learn more about SYMBIS at <https://www.symbis.com>.

WHO: Ohio Army National Guard engaged or newly married couples

HOW IT WORKS: After registering, participants will receive an access code to take the SYMBIS Marriage Assessment. Participants will then schedule virtual or in person mentoring sessions with a SYMBIS certified Chaplain who will help participants interpret the results of the assessment and discuss ways to grow in their relationship.
